INFORMA

CENTENARY SPECIAL

“2020 is a special year for all of us who belong to the irmandade of Santo Daime all over the world. We are celebrating the 100th anniversary of Padrinho Sebastião’s birth, our spiritual guide, who deserves all our affection, respect and dedication. Always grateful for the participation of the whole irmandade in this new moment of union and strength for our doctrine, our spiritual chain and our Forest. Viva o Padrinho Sebastião!”

CÉU DO MAPIÁ VISITATION REMAINS

CLOSED

The **Executive** Administration of ICEFLU and the Mapiá Residents' Association, following the ICMBio (authority governing federally protected lands in Brazil) rules of suspension of visitation to Conservation Units, reminds the irmandade that Mapiá remains closed for visitors to enter.

PADRINHO SEBASTIÃO CENTENNIAL COMMEMORATIVE PRODUCTS

Commemorative products from the Centennial are already on sale on the Gráfica Rainha website, and through international collaborators. To facilitate logistics, orders must be placed through churches or in groups. The proceeds from the sales will go to the Event Committee of the Residents' Association of Céu do Mapiá. The sale of handicrafts produced in the community will benefit local artisans and community projects.

CANAL JAGUBE AND RÁDIO JAGUBE TOGETHER IN THE CENTENNIAL

The two communication channels from within Céu do Mapiá are together in the organization and transmission of the Centennial online events. The broadcasts will take place through Facebook and YouTube, and will have collaborators from both Canal Jagube and Rádio Jagube in Mapiá, as well as technicians from the irmandade internationally, aligned with the Event Committee of AMVCM. Viva Union! Viva Communication!

HOMAGE TO PADRINHO

An online tribute to our dear Padrinho will be held with the participation of the irmandade. We ask churches and groups to get in touch with the Canal Jagube team via email at canaljagube@gmail.com. The contributions can be in the form of short videos, lasting no more than 1 minute and ideally recorded in a well-lit environment, with minimal background noise and filmed with your cellphone held horizontally in landscape mode if possible.

CELEBRATION IN THE VILLAGE

In an atmosphere of celebration for the 100th birthday of its founder, but with attention to staying healthy, souvenirs are being made to be distributed among the residents of Vila Céu do Mapiá. Other fronts of action are the production of ornaments and the revitalization of the main square and the General Kitchen, which make the community happy and generate income. We are living in the vibration of Padrinho Sebastião's strength, with the blessings of Madrinha Rita!

HEALTH CARE FOR THE POPULATION OF THE **IGARAPÉ MAPIÁ**

At the end of August, the Mapiá health team (nurse, endemic agent and dentist) visited the Fazenda São Sebastião community and 20 families along the Mapiá River. At the Fazenda, the newly hired local health agent was trained. And along the river, registration and monitoring of the health status of the riverside residents was carried out, aiming to improve access to public health.

BEAUTIFYING THE CENTENNIAL

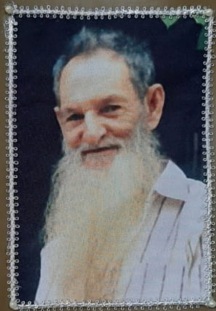

A great gift for Padrinho Sebastião is the collective work within the community. Monday's communal work days are gradually starting again, together with workers from the Management Plan, following all of the health rules. In the lead up to the Centennial, much activity has been taking place at the Santa Casa de Cura - maintaining and decorating this place which is hosting the spiritual works of the community until the new Church is built.

THE ASSOCIATION PREPARES FOR THE CENTENNIAL

The Residents' Association initially began preparations for the Centennial with a focus on visitation, events, construction and security managements. Now, with the pandemic, the association has redirected its efforts to the health, social assistance and security sectors. The community has remained free from Covid-19, and with the suspension of the spiritual works, AMVCM worked on installing internet in residents' homes and organizing online works.

JARDIM DA NATUREZA: CRAFT WORKSHOP FOR THE CENTENNIAL

From September 2019 to July 2020, Jardim da Natureza produced banners made of vegetable leather, rosaries with açaí seeds and bags in vegetable leather. 63 workshops were held, with the participation of 18 women. These souvenirs of the Centennial year are already on sale, and the income will be shared between the artisans and Jardim da Natureza for the continuation of its projects.

FOOD SOVEREIGNTY STRENGTHENS IN CÉU DO MAPIÁ

In the year of Padrinho's Centennial, the Agro-ecology and Food Sovereignty Program has supported more than 20 farming families from the river, Fazenda, Gregório beach and Dom João, in addition to strengthening partnerships with local producers via plantations, harvests and various improvements. The Production House, a storage and marketing space, has been regularly supplied, providing access to quality regional and local products.

RESILIENCE OF CÉU DO MAPIÁ

In an interview with the Global Ecovillage Network, Mapiá resident Mariana Arruda tells how Padrinho Sebastião foresaw this moment that we are experiencing today and how the community has been facing the global crises. Watch the video.

GREAT HARVEST IN THE YEAR OF THE CENTENNIAL

IDARIS - through the Agropiraia Floresta project coordinated by Alex Polari - celebrates one of its most abundant harvests since 2003. Groups from Fazenda, Praia São Pedro and Mapiá collaborated in the harvest of rice, beans, sorghum, tubers and vegetables, which have been supplying the Vila during the pandemic. The project, initially supported by the Banco do Brasil Foundation, continues with the help of the North American irmandade.

FOREST MANAGEMENT CONTINUES TO SUPPLY THE COMMUNITY

The Céu do Mapiá Community Forest Management team - which directly involves about 30 residents - continues with the forest harvest, providing certified wood for community construction in addition to organizing sale to residents of the Village at affordable prices. The nucleus also plans, in partnership with IDARIS, to make the sale of discounted wood feasible by means of the Verdes community currency.

BIRDS OF VILA CÉU DO MAPIÁ

From the photographic records made by a biologist visiting Mapiá, the Community Forest Management team organized the catalog “Avifauna of Vila Céu do Mapiá”. In the year of the Centenary of Padrinho Sebastião, founder of the Village, this publication aims to share some of the incredible local biodiversity

COOPERAR APPROVES MAJOR PROJECT

With the Centennial approaching, the Banco do Brasil Foundation approved the project “Cooperating Sustainably with the Families of the Purus Riverside”, by Cooperar. The project foresees equipment and infrastructure improvement for timber management in Vila Céu do Mapiá, a vegetable oil processing center in Boca do Acre and cocoa processing at Fazenda São Sebastião, Resex Arapixi and Aldeia Camicuã.

THE SÃO IRINEU COMMUNITY

Céu de São Irineu is carrying out a food sovereignty project in which Mestre Irineu's family members are the main protagonists, from choosing the land acquired to planting the seeds. The project aims to contribute to the day-to-day improvements of two communities and has 5 acres of Agroforestry Systems, in addition to a worm farm and seedling nurseries. Find out how to help:

MEMORY OF PADRINHO SEBASTIÃO

The ICEFLU Center for Documentation and Memory aims to gather materials to preserve the memory of our doctrine. Padrinho's Centennial is a milestone in the resumption of the work of CEDOC, which in recent years has formed a team and installed offices in Céu da Montanha and Céu do Mapiá. The work continues with the digitization of the collection, and brings memories of Padrinho Sebastião to the next generations.

PADRINO SEBASTIÃO, THE HEALER OF THE FOREST

Sebastião Mota de Melo wrote a central page in the history of the Amazon. He gathered his people, took them to the heart of the forest, and did great spiritual work. He left us his example and a legacy of profound wisdom in his hinários: *O Justiceiro* and *Nova Jerusalém*. To everyone who consecrates his name and memory all over the world, a moment of deep gratitude for all that has been done. Now, it is up to the new generations to carry on with the work of our dear teacher of stars and to prove what we have learned from him. Viva the Centennial of Padrinho Sebastião!!
