ICEFLU - SANTO DAIME

SANTO DAIME INFORMA

CÉU DO MAPIÁ, ICEFLU WORLD HEADQUARTERS

ICEFLU - Santo Daime is a representative of Mestre Irineu's Doctrine and the result of a model that was born in the forest, a spiritualist movement founded in 1974 by Padrinho Sebastião Mota de Melo. We look to 2022 as a year to reaffirm the ties with our origins and act in an increasingly integrated way with the institution's world headquarters — our Mother Church, Céu do Mapiá. And without losing sight of our direction, we continue with the work of bringing together the centers of Padrinho's line in an operative and collaborative associative network in order to become an increasingly strong, transparent and sustainable institution.

WE ARE MIDAM

Designed to connect the people of Padrinho Sebastião in a global and collaborative network, the campaign seeks to mobilize the irmandade to build a new time in harmony with the mission, vision and values of our Doctrine. By joining ICEFLU, you can support the institution's development and help protect our sacrament, culture, and the teachings of our teachers.

If you are an individual member of ICEFLU, we are preparing to send you a gift to thank you for your support and for strengthening our network of union. With the support of partners, we created exclusive kits with Daime literature, chocolates, stickers, bookmarks and the personalized hinário Nova Dimensão (Padrinho Alfredo) from the Somos Midam Campaign. This action is part of the association's proposal to consolidate the bonds of reciprocity between the institution and its associates. PADRINHO ALFREDO TURNS 72

Alfredo Gregório de Melo was born in 1950 in the Juruá valley. Eternal supporter of his parents' mission, after the passage of Pad. Sebastião he assumed the leadership of his spiritual lineage, composing alongside Pad. Valdete and Mad. Rita the nucleus of the ICEFLU Higher Doctrinal Council. A wise teacher of the forest, cosmic diplomat of Santo Daime and responsible in great measure for its international expansion, his hymnals are universal teachings that herald a New Era and a New Dimension. Viva o Pad. Alfredo!

DID YOU SEE?

One of the most celebrated, important and exciting periods of the Daime calendar, the Christmas Festival was marked by a series of publications on ICEFLU's social networks. Extensive content reflected the good vibes and festivities of this time of year: publications on spiritual works, tributes to birthdays, appreciation of our rituals and Christmas traditions, in addition to a retrospective of the actions that mobilized the institution in 2021.

CASSETTE TAPE DIGITALIZATION

Work at CEDOC remains intense after the team's end-of-year meeting, the first face-to-face meeting since the beginning of the pandemic. Projects and activities are being carried out, with emphasis on the work of recording and digitizing cassette tapes of Padrinho's lectures and historical versions of the hinários, as well as the organization of transcription documents of these tapes – a valuable material in our history.

MAPIÁ AGAINST COVID-19

With a history of 15 confirmed cases of Covid-19 prior to February 1st in Céu do Mapiá, the AMVCM Health Sector has dedicated efforts to educate residents to adopt the necessary care and prevent the spread of the disease. At the same time, the association puts pressure on the city of Pauini to continue vaccination, supply medicines and tests, hire health professionals and maintain the local Basic Health Unit.

FILIFE GIALLUISI DA SILVA SÁ

————— *26/01/1971 +15/01/2022 —————

He arrived in the Doctrine in the early 1990s, through the work of his father, Domingos Bernardo, president of the CONFEN government commission on ayahuasca. He became a fardado in Céu do Mar and was co-founder and leader of the Rainha da Montanha church in Petrópolis (RJ). Always helpful, friend of all, dear brother, he fulfilled his mission with praise. He made his passage to the astral before his 51st birthday. He left his companion Raquel, his daughter Aurora, brothers Leonardo and Alexandre and his mother Ana Maria, to whom we send vibrations of comfort.

PONCIANO CARLOS SANTOS DE ALMEIDA

————— *02/11/1959 +16/02/2022 —————

With his joy, the capoeira master captivated everyone in Mapiá. From the youngest to the elderly, everyone cheered or clapped their hands in capoeira circles. Tio Poncio, as he was affectionately called, took to the community the teaching of this martial physical exercise, ethics and conduct to be followed. A great differential in his profession was his work in inclusive capoeira. I miss you, but in heaven the little angels are celebrating, in a beautiful capoeira circle.

SANTO DAIME

SANTO DAIME INFORMA is produced by the ICEFLU Communication Department. This bulletin aims to report on what is happening in our irmandade and within our institution. Many projects, initiatives and improvements have been carried out and we believe that, in line with our Padrinho Sebastião, what counts is the “good news post office”.
