ICEFLU - NOVA DIMENSÃO

**SANTO DAIME**

**INFORMA**

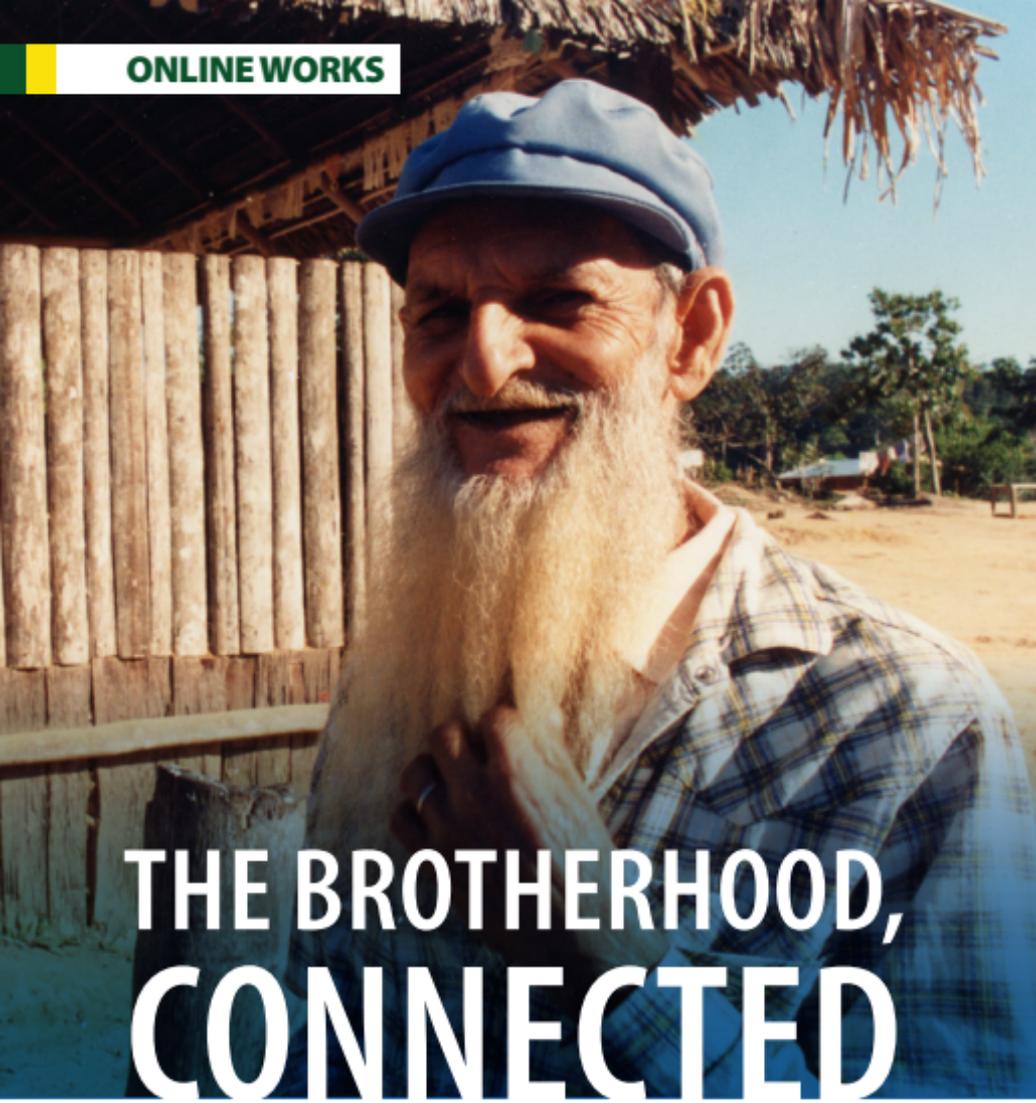

“The Justice of God is righteous, it does not let anything pass. We are not perfect, but we remain hopeful. Time is pressuring us, so that everyone can bear witness to his truth, to the fact that God is within, that we have Christ with the model of salvation in his mind. To set out for a New World, New People, New System and soften our hearts. May the Peace of God be with everyone.”

**Padrinho Alfredo**

**In support of the** Céu do Mapiá community, the Events Committee of the Mapiá Residents' Association is preparing an official line of commemorative products. All sales resources will be used to generate income for the community. The Gráfica Rainha studio is officially responsible for all sales. **More information:** [isavicosamapia@gmail.com](mailto:isavicosamapia@gmail.com)

# THE BROTHERHOOD, CONNECTED

We sang O Justiceiro (1 to 100) during the Concentration of July 30th. On Father's Day (August 8th), we finished the hinário, plus Nova Jerusalem and Nova Dimensão. At the end of Father's Day, Padrinho Alfredo gave us this message: "We must consider this moment as a work of respect, of spiritual autonomy in our school, the school of the expansion of our doctrine".

# STUDIES AND ORGANIZATIONS

**Vila Céu do Mapiá** remains in isolation. The ICEFLU administration is studying alternatives that enable the construction of the new Mother Church to continue in a safe manner. The institutional organization continues, as does the invitation to the whole Irmandade to formally join with the movement of our Padrinho Sebastião and his family.

## GRATITUDE FROM MESTRE IRINEU'S FAMILY

**Another campaign** that reached its goal was at the Céu de São Irineu church, in benefit for Mestre's relatives in São Vicente Férrer-MA, the city where Raimundo Irineu Serra was born. The São Irineu Drinking Water crowdfund raised just over R\$75,000, enabling the drilling and construction of drinking water wells in two communities where Mestre's family lives. Construction has already started in the Bom Jardim community. For more information, send an email to:

## JAGUBE CHANNEL IN MAPIÁ

The Canal Jagube team that produces content in Céu do Mapiá received an audio, photo and video editing workstation so that material from within the Amazon Forest can be produced locally by the residents. Coordinated by Kézia Marinho and Ana Perira, the ten youths working for the Channel have already installed this and other resources within the ICEFLU office in the community. Viva the new generation!

## UP AND RUNNING

**The Padrinho** Manoel Corrente Santa Casa de Cura thanks everyone who collaborated with the Health Campaign. Meanwhile, Santa Casa continues to function, hosting community meetings, the ethical-disciplinary council, community justice, assemblies, spiritual assistance, social assistance, nutrition counseling and many other important movements for the residents and potential visitors, always respecting health protection recommendations.

# MAPIÁ GIVES THANKS

The Mapiá Residents' Healthcare Committee and the Santa Casa de Cura are grateful for the success of the campaign. With the support from more than 10 different countries, it was possible to surpass our goal of 180 thousand reais. In this pandemic time, this extra resource is enabling actions for the protection of the local communities, the structuring and strengthening of healthcare in Céu do Mapiá, and social assistance for the most vulnerable.

## HEALTH, SAFETY AND WELLNESS

The Vila Céu do Mapiá Residents' Association, with the help of the Mapiá Health Campaign, made it possible for the Pauini County health team to arrive with Covid-19, STD and hepatitis tests. In terms of security, a community screening group was set up, and the entrance to the village remains closed to visitors. In terms of well-being, basic food baskets and Emergency Aid, and for those who have social security and pensions, logistics have been established so that they do not need to go to the city. Similar arrangements were made to allow for basic shopping.

# ENVIRONMENTAL HEALTH

With support from IDARIS, João Guerra coordinated an action for the application of Efficient Microorganisms in the reservoirs of Vila Céu do Mapiá to prevent malaria mosquitoes and accelerate the natural process of autolysis or self-cleaning, reducing the sludge and the gathering of fast-growing harmful bacteria.

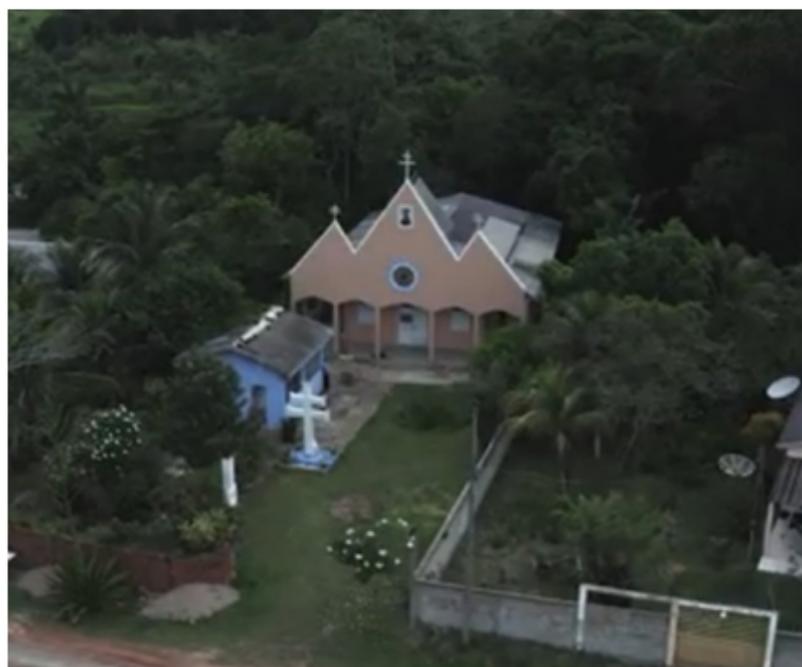

# COOPERAR

## OPENS RESOURCE PROCESSING FACILITY

**Located in** Boca do Acre, Amazonas, Cooperar's processing center completed its construction in early July, and is already operating at full steam. The initial goal is to produce 1,000 kg of oil, 3,260 kg of flour and 230 kg of Brazil nut paste. The production of up to 250 kg of cocoa powder and 200 kg of cocoa butter is also expected.

# STORIES FROM PAPAÍ

**In homage** to the month of Padrinho Wilson's Centennial (July), the Jagube Channel released the video *Histórias de Papai*, with the participation of his son, Raimundo Nonato. These include stories from his times with Mestre Irineu and Padrinho Sebastião, and from whom came the legacy of the spiritual center Pronto Socorro Raimundo Irineu Serra in Rio Branco, capital of Acre's State. ## HERE COMES THE CENTENNIAL!

**This past month**, the Center for Documentation and Memory of the Doctrine, under the curatorship of Padrinho Alex Polari and technical coordination by Flávio Ribeiro, set up its offices and staff in Mapiá and Visconde de Mauá to support the productions of the documentary *Sou Luz, Dou Luz* produced by Arica Cinematográfica and the book of the Centennial of Padrinho Sebastião, produced by Yagé Publishing. CEDOC curates photos, audio, and videos that have much to tell about the story of our spiritual guide.

# INTERVIEW OF THE MONTH

**Alex Polari** is the latest guest of the Daimé Literature Debate Sessions, led by Lucas Kastrup. The interview is being scheduled and the date will be released soon. It will be based on the literary work of Padrinho Alex, author of books including *O Evangelho Segundo Padrinho Sebastião*, *O Guia da Floresta*, and *O Livro das Mirações*. The interview will be broadcasted live at the Jagube Channel's Facebook and YouTube.

# NEXT UP

**In early August**, we sang O Justiceirinho on Zé Mota's birthday and O Segredo II, Madrinha Regina Pereira's hinário, celebrating her 72nd birthday. In September, a meeting hosted by Léo Artese, from Céu da Lua Cheia in São Paulo, is scheduled on the 5th. On September 7th, we will celebrate the anniversary of the Céu da Montanha community in Mauá.

## DR. DOMINGOS BERNARDO GIALLUISI DA SILVA SÁ

ICEFLU sends its condolences to the family of Dr. Domingos Bernardo, who made his passage to the spiritual plane on Monday, August 17th, 2020. We register our respect and appreciation for him, highlighting his important role in the regulation of the religious use of the Santo Daime, from when he led the workgroup of the old CONFEN in 1986, up through his initiatives with the GMT/CONAD in 2006.

The Institution works at an intense pace. We remind everyone of the importance of maintaining the associative dues. This contribution from both old and new associates is essential, now more than ever. We count on the entire irmandade in this new moment of union and strength for our doctrine, our forest and our memory.
